Local Revenue Due to other Schools 4 Year Comparison

1. LDOE determines student enrollment.
2. Annual amount equivalent to "local" Revenue due to other schools" determined.
3. Amounts noted in chart are included in MFP Budget Letter and posted to LDOE website, and, transmitted to all local districts as well as other LEAs.
4. Amounts noted are then "withheld" from local district MFP allocations from the state and "re-routed" to other LEAs – of which many share Type 2 charter schools.
5. Enrollment verification by local district very difficult to determine.

*Note: financial info extracted from MFP Budget Letters located on LDOE website.
